**Course Period:** Feb. 20–May 01.

**Number of credit points:** 2

Teaching assistant: Evyatar Ben-David [Evyatarbd12@gmail.com](mailto:Evyatarbd12@gmail.com)

### Course Description / Overview

The main objective of this course is to introduce students to the essentials of corporate finance. The topics covered in the course mainly include:

- Financing: understanding basic concepts involved in how firms should raise funds for real investments.
- Valuation: Developing and understanding of the tools used to value real investment projects.
- Interaction between valuation and financing: assessing how financing decisions affect firm value.

### Corse Requirements:

Problem-sets: **20%**. The problem sets are intended to help each to understand the course material and prepare you for the exam. There will be 6-7 problem-sets to submit individually. Skipping one problem-set is allowed, though not encouraged. A weekly assignments will be posted at the course website and should be submitted by email to the TA. Late homework will not be accepted.
